All dates for Regional are set by the American Darts Organization. We are going to stick with the dates and locations given above barring a natural disaster. If your organization is interested in hosting a regional in 2009 please let me (Rhonda) know by the November Cricket Regional. Be aware that your organization needs to be able to provide a location that will hold a minimum of 20 boards and your organization is responsible for any costs incurred (rental facilities, boards, etc.). Your ADO representative will also need to be able to provide comparable information to what you see above.

This information will be posted at <http://www.piedmontdarts.org> if you loose this information you can contact Rhonda Farmer at 336-684-3377 or rhndmichelle1978@aol.com.
